Subject:	RE: FERC HQ Project - 3rd Floor command center - fire alarm panel
Date:	Thursday, July 07, 2016 1:15:48 PM

Hi Danny and Josh,

I wanted to circle back on this. We've confirmed with the design team that the relocation of the fire alarm panel was not reflected in the BID drawings.

As such, this work would be performed by Lessor's vendor of record and would not fall in the scope of this project. Current pricing is approximately $11,000. Josh – I'm assuming we'd bill against a FERC PO.

Please review and let us confer on this in the fall.

Thanks,

Tracey D. Dickens, LEED AP O+M

Subject: FERC HQ Project - 3rd Floor command center

Tom/Jareb,

Currently there are remote microphone panels located in the 10th floor command center so that FERC can monitor the fire alarm system.

Please advise if the BID drawings show these panels being relocated to the 3rd floor.

Thanks,

Tracey D. Dickens, LEED AP O+M
